PETITION CIRCULATED

'SPARE KLINGBEIL' - LOCAL PLEA

BELCHING SMOKESTACKS

Backing for those who forecast the city will become smog-bound unless some controls are effected is contained in this picture. Two smokestacks of local

industrial plants are belching smoke into the air over the city. Recently a local citizen complained to city council about smoke from industrial section

and also from city's nuisance grounds. Board of Trade also was advised.

Canadians Are Cold To U.K. Proposals

(Canadian Press Dispatches) MONTREAL, Que. — British has had "concessions" from Canada and this country should not go "any further."

This reaction of a top Hamilton, Ontario, executive was voiced today following publication of news British finance minister Peter Thorneycroft has proposed an Anglo-Canadian free trade area.

Canadian Press reports Studebaker-Packard of Canada president D. C. Gaskin commented: "So far as the automobile industry is concerned we have already given our all in this business of tariff concessions to Britain — there is nothing left to give."

"And the deal with Britain isn't even reciprocal. They won't let us sell a car in Britain at any price. They won't give us an import licence."

"We've given them concessions enough. Don't let us go any further."

CATASTROPHE Two other executives rapped the Thorneycroft proposal.

Said Owen Greening, vice-president of Greening Wire Company Ltd. — "Catastrophe."

"With British wire drawers earning 90 cents an hour compared with Canada's wage of \$2.20 to \$2.40," he added, "we just can't possibly compete on an equal basis."

The Thorneycroft suggestion would be "calamitous as far as

the electrical industry is concerned," Canadian Westinghouse president G. L. Wilcox declared.

Meanwhile, Canadian Press said, an authoritative source has informed newsmen today, Canada got strong support from virtually all segments of the Com-

monwealth for a full-scale trade parity.

Finance Minister Fleming was reported to have opened his appeal for a full-scale Commonwealth conference with an 80-minute speech.

A Vancouver driver was arrested on Bernard Avenue around 4 p.m. Saturday and charged with operating a motor vehicle while his ability to drive was impaired by the use of alcohol.

Edward Landstrom pleaded guilty in city police court this morning and was fined \$100 plus costs of \$5.00 by Magistrate Don White.

On August 30, Bliele was charged with failing to stop at the scene of an accident and render assistance and was fined \$50 and costs and had his licence to drive suspended for six months.

Prime Minister Diefenbaker last night appealed to the "heart through the pocketbook," in asking Canadians to support their Community Chest campaigns.

An estimated \$27,000,000 is the over-all objective across the country.

The Prime Minister, who spoke from Ottawa over the CBC's television network, said a united appeal, whereby social welfare organizations combine in making their annual appeal for funds,

can Pariah Hall, Oct. 1, 2 and 3? Hours are from 1:30 to 4 p.m. and 6:30 to 9 p.m. and transportation may be had by phoning 3320. Your blood is needed.

Do you carry this form of insurance? Perhaps you do not realize that carrying a blood donor card such as this could be the means of saving your life?

Or at the very least a saving of valuable time in the difference it would take to make blood available in case of emergency.

To those who carry such a card, blood could be available within 20 minutes against a possible two hours for one whose blood has to be typed after an emergency.

Last spring more than 1,500 donors from Kelowna and district donated blood, and every one of those men and women, from 18 to 65, possess a card issued by the Canadian Red Cross Blood Transfusion Service, on which their particular group and type is clearly marked. Carried in their wallets, those cards insure their owners against undue delay in procuring blood in the event of emergency.

Why not get your card at the blood donor clinic at the Anglican Pariah Hall, Oct. 1, 2 and 3? Hours are from 1:30 to 4 p.m. and 6:30 to 9 p.m. and transportation may be had by phoning 3320. Your blood is needed.

Request Improvement In Highway Approach

Provincial government will be requested to improve the highway approach to the Okanagan Valley near Sicamous so that motorists will be better informed on the alternate routes leading to the coast.

The request will come from the newly-formed Okanagan Valley Tourist Association. Headed by the group's president, C. D. Gaddes, of Kelowna, a delegation from Vernon, Kelowna and Penticton drove to the North Okanagan Saturday to obtain information on improvements that could be made in tourist direction signs.

Logging Camp Operator Fined

A logging camp operator this morning was fined a total of \$175, plus costs, in magistrate's court.

Steve Bata, 63, was fined \$100 plus costs of \$4.50 for failing to keep records for employees as required by the Unemployment Insurance Act. Magistrate Don White ordered him to make these records available forthwith.

Bata was fined \$75.00, plus costs of \$4.50, when he pleaded guilty to operating a truck on the highway with a load in excess of the weight allowed. Court was told that this was the fourth time that his truck had been checked and found to be overloaded, but this was the first time that a charge had been laid.

A Vancouver driver was arrested on Bernard Avenue around 4 p.m. Saturday and charged with operating a motor vehicle while his ability to drive was impaired by the use of alcohol.

Edward Landstrom pleaded guilty in city police court this morning and was fined \$100 plus costs of \$5.00 by Magistrate Don White.

Main purpose of the association is to bring tourists to the Okanagan Valley. Officials visualize a huge increase in traffic, especially when the new cutoff between Revelstoke and Golden is completed.

The O.V.T.A. plans tapping the mountain resort areas. Visitors en route to the Pacific Canyon, or through the Okanagan Valley and over the Hope-Princeton highway to Vancouver.

Delegates found that a long sweeping curve is necessary where traffic branches off from Highway No. 1 near Sicamous. It was felt additional directional signs are also needed.

The O.V.T.A. representatives drove over the new cutoff between Salmon Arm and Sicamous, high above Shuswap Lake and they agreed the scenery is unsurpassed.

New road was officially opened recently by Highway Minister P. A. Gagliardi. A hard-surfaced road was also completed a few weeks ago between Grindrod and Sicamous.

Mr. Gaddes pointed out there is now an excellent circle route for valley visitors — Kelowna-Grindrod-Sicamous-Salmon Arm and back to Kelowna.

Another surveying the southern approach to the Okanagan on October 19. Early next year an all-out publicity campaign will be undertaken.

Those who made the tour were Mr. Gaddes, Ross Lemmon and Max Turner, Kelowna; Howard Paton and Cec Sharp, Penticton; and Jack Monk and Bob Stewart, Vernon.

Mr. Gaddes said, "We are now an excellent circle route for valley visitors — Kelowna-Grindrod-Sicamous-Salmon Arm and back to Kelowna."

SMELLY SKUNK IS OUTSMELLED

EDMONTON (CP)—The gas company outgassed a skunk here Sunday.

The animal became firmly entrenched beneath the floor of a southside home and wouldn't move. The house was evacuated, a hole drilled in the floor, and ammonia hydroxide poured in.

The gas from the chemical killed the skunk.

FIRE FOR LOVE

Down South Racism Hits Ex-Canuck

HOUSTON, Tex. (AP)—Canadian-born Wilfrid M. Calnan quit as director of the Harris County welfare department because he was ordered to stop putting Negro and white patients in the same county convalescent ward rooms.

Calnan, 39, was called to county judge Bob Casey's office and told the policy was to segregate the races. Casey said if Calnan had not resigned he would have been fired.

Calnan, who made \$7,252-a-year, had been with the department since 1952. He said there were 36 white and six Negro patients in the 44-bed wards. He said he placed them in rooms according to their ailments, not race.

"I don't think of those sick folks as black and white... I can't in good conscience follow orders that are against my ethics and principles," he said.

LITTLE ROCK, Ark. (AP)—Governor Orval Faubus today said "at the moment, it appears likely there will be a special session of the legislature" to take up the Little Rock integration crisis.

Harry Ashmore, executive editor of Little Rock's Arkansas Gazette, said Sunday on a television interview that "We could have done so without trouble," were it not for the actions of Governor Orval Faubus.

Ashmore said the governor's moves in the Little Rock school crisis were politically motivated.

UNITED NATIONS, N.Y. (CP)—The United States declared today it will continue nuclear test explosions until the Soviet Union agrees to stop producing atomic and hydrogen weapons.

In a speech before the UN's 12-power disarmament commission, U.S. delegate Henry Cabot Lodge challenged the Kremlin to accept such a ban on stockpiling weapons if it really wants to end the nuclear tests.

If the Soviet Union is not prepared to agree, Lodge said, "then I say with all the solemnity that I can that we are faced with a present major danger far graver than the problematic minor danger that comes from the testing of nuclear weapons in order to make the new power available for defence without dangerous fallout."

He made the statement Sunday in commenting on the fact that his second speeding conviction now is being processed by the MVB.

He was fined \$10 recently for a speeding infraction in the Kamloops area.

Mr. Gagliardi said, "I'm going to give up my licence for at least a month, whatever the MVB decides. I'm doing this to guard against any accusations of favoritism."

He added: "Though I was only doing 60 miles an hour—definitely not 65 as it was reported—I have broken the law, and I am ready to be punished."

The minister reiterated his claim that he was testing curves on the highway. He added: "I would also like to point out that in 20 years of driving I've never had a serious accident nor appeared before a magistrate on any charge."

In the Kamloops case, he pleaded

Youth Doomed To Die Dec. 17

An effort is being made to save the life of 23-year-old Calvin Klingbeil, convicted last week of murdering an elderly Chinese grocer in Vancouver.

The Kelowna youth was sentenced to be hanged on December 17 by Mr. Justice Wilson. At that time the jury, which deliberated for an hour and eight minutes, recommended mercy. Mr. Justice Wilson intimated he would forward the recommendation to the proper authorities.

Klingbeil has been described by associates as a "model youth."

A petition will shortly be circulated throughout the Okanagan Valley requesting clemency from Justice Minister David Fulton. Spearheading the campaign is Frank Christian, (Okanagan Boundary) and Jack O'Reilly, coach of the Kelowna Packers.

Klingbeil was active in sports before moving to Vancouver a couple of years ago. He played juvenile and midget hockey here, and was active in Sunday school work.

The petition will also be circulated around the local high school. It was the first time the youth had been in trouble.

At last week's trial, court was told Klingbeil hit an elderly Chinese grocery store proprietor, Lee Yick Mung, on the head with a can and then stabbed him. He made no effort to escape. Klingbeil admitted needing money.

CHARGING BRUIN

Westbank Man Downs Bear With One Shot

By DORA GELLATLY
Daily Courier Staff Writer

WESTBANK — A bird hunter killed a charging black male bear here Sunday while on the run.

Moreover, Frank E. Jones, of Westbank, felled the raging beast with only one slug, which he inserted in his 110 shot gun's chamber while running.

In addition, he had to remove the 410 shells, unclip the slug from his belt, whip it into the chamber, turn, stop and then fire.

The slug hit the bear above the eye and finished him.

An experienced hunter, Frank, who has lived in Westbank more than 40 years, had travelled about 40 miles from his home, where he was hunting for grouse. He found none and turned homeward.

About a mile from his car he sat down to rest. Hearing a noise, he looked up and was startled to see the bear charging him.

Frank started running—fast! He soon realized he could not outrun Mr. Bear.

But his presence of mind didn't forsake him. He removed the shells from his shot gun, unclipped and inserted the slug in the chamber, and turning, halted not more than 12 feet from the angry animal.

He aimed quickly, fired, and dropped bruin with one shot.

According to Frank, only female bears attack and frequently it is because of cubs in the neighborhood. This one, a male, charged, Mr. Jones thinks, because something must have aggravated it and it turned on the first moving thing in its way—Frank.

Both Frank and his mother:

Restaurant Damaged By Fire

Fire of undetermined origin last night caused considerable damage to the rear of the New Moon Cafe on Bernard Avenue.

Volunteer firemen, summoned by a general alarm shortly before 10:30 p.m., had a few anxious moments when nearby propane storage tanks were threatened, but the whole blaze was brought under control within half an hour.

Flames were already licking out of the roof of the kitchen when firemen arrived. Most of damage was confined to the storage rooms and kitchen, although the rest of the cafe suffered smoke damage.

Nobody was in the cafe at the time so the fire gained a good foothold before it was spotted by an unidentified guest at the Willow Inn (across the lane from the cafe) and the alarm was turned in.

Scores of persons still on the streets at the time flocked to the scene and the number of onlookers was swelled by several more who came from their nearby homes.

The loss was covered by insurance.

Gagliardi Will Forfeit His Driver's Licence

VANCOUVER (CP)—The motor vehicles branch said today it has suspended the driving licence of Highways Minister P. A. Gagliardi for one month.

VANCOUVER (CP)—Highways Minister P. A. Gagliardi of B.C. says he plans to forfeit his driver's licence whether the motor vehicles branch suspend him or not.

He made the statement Sunday in commenting on the fact that his second speeding conviction now is being processed by the MVB.

He was fined \$10 recently for a speeding infraction in the Kamloops area.

Mr. Gagliardi said, "I'm going to give up my licence for at least a month, whatever the MVB decides. I'm doing this to guard against any accusations of favoritism."

Camillien Won't Run—He Says

MONTREAL (CP)—Colorful, spell-binding Camillien Houde, 56-year-old former mayor of Montreal, announced today he will not attempt a comeback in the Oct. 28 Montreal municipal elections.

In recent weeks there has been speculation that Mr. Houde would come out of retirement to oppose Mayor Jean Drapeau, seeking re-election.

Mr. Houde said his doctors have advised him against a return to public office. He retired three years ago for reasons of health.

Ottawa Liberal Meet To Draft New Chief

OTTAWA (CP)—The executive committee of the National Liberal Federation has decided a national leadership convention should be held at the earliest possible date to pick a successor to St. Jean, Louis St. Laurent.

OTTAWA (CP)—The executive committee of the National Liberal Federation met today to discuss a call to a national leadership convention.

Thugs Try Run Down Policeman

(Courier's Vernon Bureau)

VERNON—An alert off-duty RCMP corporal narrowly escaped being run down by thieves in a stolen truck loaded with 200,000 cigarettes early Sunday morning.

Cpl. E. M. Mallin was returning home from duty around 4:20 a.m. when he decided to make a final inspection of Polson Park. He noticed a NOCA dairy truck parked along the roadway, and as he approached, the driver threw the truck in gear and rushed the policeman. Mallin stepped aside, but the front fender brushed him.

GAVE CHASE He gave chase in his private automobile, but failed to catch the thieves. Returning to police headquarters for assistance, the vehicle was later found abandoned near the park. The cigarettes were left in the truck.

Investigation disclosed the truck was stolen from Triangle Service Station where it was left to be serviced. Cigarettes were stolen from W. H. Malkin Co. Ltd. Entrance was gained through an office window. Cigarettes were valued at \$3,500. Nothing else was taken.

Two men were suspected. It marked the eleventh break-in during the last six weeks in Vernon.

MAN CONVICTED VERNON—Convicted on a charge of contributing to delinquency of a juvenile, Charles Norman Leathworthy, 22, Vernon, was sentenced to two years in penitentiary by magistrate Frank Smith in juvenile court.

Two juvenile girls were involved.

DESIGN 137: Separation of the master bedroom and its bathroom is a feature of this two-bedroom bungalow plan by designer Alan Hanna and architect J. Varro, of Regina. Total floor area of the house is 1,166 square feet and the exterior dimensions are 37 feet, four inches by 33 feet, two inches. Working drawings for this plan are available at minimum cost from Central Mortgage and Housing Corporation.

NEW CANADIAN HOUSE DESIGNS

BUSINESS SPOTLIGHT

Canadian Stock Markets Follow Wall Street Lead

By RON ANDREWS
Canadian Press Staff Writer
It was a case of follow-the-leader last week with Canadian stock markets.
The leader in the scene was New York's Wall Street, which set a roller-coaster pattern for Toronto, Montreal and other Canadian markets to follow.
All the exchanges witnessed a near reversal of form which resulted in most sections rebounding from a heavy loss Monday, the sharpest of the week. Bargain hunters went into action during the next two days, sending prices ahead Tuesday as they took advantage of the low values. Most bargain hunters were on the selling end of transactions Wednesday, resulting in a decisive decline by the markets.

RALLY AT END
In the final two sessions of the week a rally was witnessed and the final analysis showed only a few shares with severe losses. Most market observers agree that investment men have shifted from the day-to-day charts to public confidence factors and economic measurements for their indicators.

No longer does an investor regard the charts as the only "true and ideal way" to assess the market trends. Now other factors, such as money conditions and general business activity have a large share in the analysis.

But the latter factors haven't taken the place of charts. Two sections are used together and many people feel that a truer picture of signs and portents is the result.

The picture this week, however, was most confusing. One day the market was exceptionally weak, the next day strong. There were

individual issues which worked in opposite directions to the trends. But at the end of the week the market was almost at the same level as a week ago.

A feature on the Toronto stock exchange was Wilsey-Coghlan, a low-priced mine. Wilsey climbed to 34½ cents a few weeks ago and then settled back to 16 cents, reached Thursday. Before that session was over, the stock advanced 24½ cents and added another three cents Friday, amid a turnover of nearly 800,000 shares.

FEW CHANGES
Sizeable price changes among industrials were few but International Paper and Trans Mountain Pipe Line each lost \$5 and McColl was off \$8 to \$57, a 1957 low. Ford A gained \$4 to \$80.

The mining and western oil lists, with the exception of Wilsey, were quiet. Changes among lower-priced stocks were confined to 50 cents or less and to \$1 or less in the senior issues.

Trading at Toronto, led by Wilsey, picked up steam and the final volume of 12,739,000 shares was heavier than the previous week's 11,380,000.

Index losses at Toronto: Industrials 2.21 to 428.23; golds .01 to 78.32; base metals .23 to 167.84; western oils 2.43 to 153.79.

Index changes at Montreal: Banks off 1.41 to 47.14; utilities off 1.7 to 133.6; industrials off 2.3 to 249.5; combined off 2.1 to 210.9; papers up 9.90 to 1091.60; golds off 2.14 to 71.84.

Week's volumes: 318,053 industrials and 1,731,685 mines compared with 279,815 industrials and 1,510,381 mines the previous week. Of 378 issues traded, 44 advanced, 229 declined and 103 were unchanged.

Six-Shot Blast Fails To Ruffle This Merchant

EASTWOOD, Ont. (CP) — Two youths walked into Mac Isbister's service station waving a pistol and demanding his cash.
The 60-year-old Isbister promptly punched one in the nose and braced himself as the gun roared six times.

Finding himself unharmed Isbister chased the pair out to their waiting car with a chair. Police decided the pistol was loaded with blank shells.

Two-Gun Visits Old China Post

HONG KONG (Reuters) — Gen. Morris A. (Two-Gun) Cohen, 67, onetime British bodyguard of Dr. Sun Yat Sen, founder of the Chinese republic has arrived from Vancouver on his way to attend Communist China's National Day celebrations in Peking on Oct. 1.

He told reporters: "I'm going to see my friends there. I'm not concerned with politics."

ROGER WHITMAN OFFERS:

Ailing House Aids

QUESTION: As an experiment I have tried covering the small corner of my linoleum kitchen counter with an adhesive plastic which comes in rolls and has its own adhesive on the back. So far it has stood up very well. Do you think it would be safe to put this on the entire counter area?

ANSWER: I am confident that you will be satisfied with the results. This is a very useful and decorative material which is coming into wider and wider use.

HUMID WEATHER PROBLEM
QUESTION: A section of living-room wall between the fireplace and a window became damp in humid weather. The plaster does not soften but the paper is damp. In dry weather the effect disappears. What do you think is the cause?

ANSWER: I suspect the side of the chimney masonry is in contact with the plaster, instead of the insulation holding them apart. Condensation is the frequent result when plaster is in direct contact. There should be either insulation or a dead air space even between the edge of the plaster and the side of the masonry.

CHOCOLATE COLORED HOUSE
QUESTION: During the past few years we have painted our house a chocolate color several times, but it faded badly each time within a year after painting. Would coating it with linseed oil preserve the color for a longer time?

ANSWER: Sounds to me as though you have been economical on paint quality, because properly applied, good paint should hold its color a good longer time than that. Because of time and labor costs, it is one of the latest of economies to use any paint but the very best. It lasts longer, looks better, and greatly lengthens the time between repaintings.

TILE OVER TILE BOARD
QUESTION: Ten years ago I put tile board on our bathroom walls to a height of five feet above the tub. The rest was plaster and enamel. All has held up very well but the plaster coating on the tile board has begun to peel badly. If I remove the rest of the enamel coating, could I then put plastic tile over the tile board?

ANSWER: If, as you say, the tile board itself is still adhering solidly everywhere, I believe you could succeed in this idea of putting quality plastic tile over the tile board.

FIRE-DAINED FIREPLACE
QUESTION: During construction of our new home, fire built in the fireplace to burn scraps of lumber left black stains on the hearth stone. We have been unable to remove these with scouring powders and detergents. What can we use?

ANSWER: Try rubbing with powdered pumice and water. Make paste of carbon tetrachloride (available at drug store) and powdered whiting, and apply at least ¼" thick to stains. Leave on until dry, then brush off. Be sure there is ample ventilation. This may require several treatments.

SLATE FOR PATIO ROOF
QUESTION: Would it be advisable to use slate for a patio roof? We were given enough of it for this purpose.

ANSWER: Slate makes an at-

tractive, serviceable, easily-carried roof. Would certainly recommend your making use of this gift.

REMOVING VARNISH
QUESTION: How can I remove dried-on varnish from glass?

ANSWER: Try scraping with a razor blade, or paint remover. Or make a solution of ¼ cup of trisodium phosphate and one quart of water—an excellent varnish remover. If the glass is a vertical surface, make a paste of dry trisodium phosphate and twice as much fuller's earth or powdered whiting and apply ¼" thick to varnish; allow to remain ½ hour; scrape off and rinse with clear water.

GREASE ON DOORS
QUESTION: We moved into our remodeled home before it was completely finished. The cupboard doors have fingerprints and grease stains. We went to finish the cupboards with coats of clear shellac, but have not been able to remove the stains. What can we do?

ANSWER: Scrub the surface with a hot solution of trisodium phosphate (1 pound to the gallon of water) and rinse thoroughly with clear water. Allow to dry thoroughly before shellacking.

REDWOOD FURNITURE
QUESTION: Our redwood porch furniture has darkened in color, due to exposure on a screened porch. Please advise concerning the best method of restoring the color and applying a good protective coating.

ANSWER: Sand off surface discoloration of redwood. Apply exterior redwood stain (available at paint dealers specializing in wood finishing materials). Finish with a couple of coats of spar varnish.

BASEMENT CLOTHES CLOSET
QUESTION: We want to build a cedar closet to store woollen clothes. The only available space we have is in the basement which is dry and clean and kept cold. Is it advisable to build closets in the basement? Should we have some heat when storing clothes

in the winter?

ANSWER: The usual objection to clothes storage closets in the basement is possible dampness. If, as you say, your basement is absolutely dry, I see no reason not to go ahead with your project, especially if you are careful to seal it tightly against insects. The colder this closet is kept, the better.

PEELING CEILING PAINT
QUESTION: My living-room ceiling is badly pitted where a scaling paint has been scraped off before repainting. You mentioned applying painter's muslin for scaling paint on walls. Could this be used on ceilings also?

ANSWER: Yes. Painter's muslin can be used either on ceilings or walls.

CRAYON MARKS ON HOUSE

QUESTION: Is there a safe way of removing crayon marks off a pink house siding without leaving stains or bleach marks?

ANSWER: Cover marks with thick paste made of fuller's earth or powdered chalk, moistened with carbon tetrachloride or any other non-inflammable spot remover. Allow paste to remain until dry, then brush off. It may be necessary to repeat treatment.

GARDEN EXPERT
HALSTEAD, England (CP)—Mrs. E. Root, 84, was the runner-up in a competition in this Essex town for the best house garden among municipally-owned homes.

EXPERT SHOPPERS
GRAVESEND, England (CP)—"Wise buying" course at the technical college in this Essex town teaches housewives how to judge the quality and cost of goods.

UBCM Heads Favor Lay Magistrates

NELSON (CP)—B.C. municipal leaders are in favor of retaining the present B.C. lay magistrates instead of travelling magistrates who are members of the bar association.

Recently the provincial government proposed that travelling magistrates replace lay magistrates. Resolution asks the government to reconsider its decision and claimed "dispensation of justice by lay magistrates" was adequate and effective.

Request from Vernon for immediate removal of the powers of the Public Utilities Commission to regulate and control municipally-owned and operated cemeteries was supported.

Resolution said PUC control "is a violation of municipal autonomy and is inconsistent with the principles of local self government."

CAR MUFFLERS
In 1955 the PUC was given permission "to make regulations re-

lative to the operation of cemeteries including municipal cemeteries", but assurance was given, according to the resolution, "that such regulations were not intended to apply to municipally-owned and operated cemeteries."

A motion urging the provincial government to adopt a new UBCM-drafted superannuation scheme for municipal employees was approved.

A crackdown on car owners with noisy mufflers was demanded by delegates who asked the government to make it illegal to sell or use muffler cut-outs or other devices which create excessive and undesirable noise. Erection of billboards along highways under government control was also urged. Other key resolutions called for establishment of a school of dentistry at UBC, for the executive to study a plan whereby fire insurance companies could be taxed to provide a benefit fund for volunteer firemen, and that civil defence costs be partly paid by municipalities.

NEW CITIZENS WELCOMED

Largest group ever to receive citizenship papers at one time in Kelowna is shown here after ceremonies had been concluded for the 40 new Canadians in

County Court last week by Judge M. M. Colquhoun, Penitentiary (extreme right). Immediately below him is Court Registrar E. Ross Oatman, and

to Mr. Oatman's left is Howard Williams, past president Lions Club, who delivered address of welcome. On Mr. Williams' left is Rev. A. F. Willis of First

Baptist Church, who also addressed new citizens. Group represents nationalities spread all over globe.

LET'S EAT

By IDA BAILEY ALLEN

It was a warm afternoon, perfect for late September swimming. As I sunned on the beach, two young homemakers nearby were discussing a luncheon party they had attended at noon.

"That homemade honeydew ice cream was fabulous," remarked the blonde.

"I was intrigued by the apple eggs and those little laticed clam pies," said the brunette. "Wish we knew how to make them."

To oblige them, the Chef and I worked out the recipes. Here they are, with a fanciful menu.

DINNER FOR TOMORROW

(or An Interesting Luncheon)

Apple Eggs Hors d'Oeuvre
Clam-Vegetable Pies
Stuffed Tomato Salads
Honeydew Ice Cream
Coffee or Tea Milk

All measurements are level; recipes proportioned to serve 4 to 6.

Apple Eggs Hors d'Oeuvre:

Hard-cook 6 eggs. Halve lengthwise. Remove the yolks and mash with 1 tsp. minced stuffed olives, 1/4 tsp. pepper, 1/4 tsp. table mustard and 1 1/2 tsp. mayonnaise.

Spoon into the egg halves. Press together in pairs. Chill.

Brush lightly with beet juice for a red apple effect. Stick a clove in one end and a bit of parsley in the other. Garnish with chervil.

Little Easy-Do Clam Pies: First prepare and cool a clam-vegetable filling.

While cooling, line individual pie plates with American pie pastry. Brush with unbeaten egg white.

Spoon in the cooled filling. Finish with a laticed pastry topping. Bake 10 min. in a hot oven, 400 degree F. then 25 min. at 275 deg. F.

Clam-Vegetable Filling: To the contents 1 (10 1/2 oz.) jar of clams, add 1 c. diced cooked potato, 1 c. drained canned mixed

vegetables and 1/2 c. milk. Dice and fry 2 strips bacon. Reserve.

To half the fat, add 2 tsp. instant onion, and 3 tsp. water. Simmer until the water almost evaporates.

Stir in 2 tsp. flour mixed with 1 tsp. water. Add 1/2 tsp. Worcestershire, 2 dashes Tabasco and the bacon bits.

Stir into the clam mixture. Stir-cook until boiling. Then cool. Use as directed.

Honeydew Ice Cream: Cut enough small discs of ripe honeydew melon to make 2 heaping cups. Put through a sieve or food mill.

Add 1/4 c. sugar and 1 1/2 c. or 1 (8 oz.) jar marshmallow whip. Let stand 25 min. Stir occasionally until well blended.

Meantime, turn the contents 1 large can undiluted evaporated milk into the freezer tray of the refrigerator. Chill about 25 min. or until soft crystals form around the edge of the tray.

Whip the evaporated milk until stiff. Add 1/4 c. lemon juice. Whip 2 min. more or until very stiff.

Fold the melon mixture into the evaporated milk. Spoon into 2 refrigerator trays. Freeze 2 to 3 hrs. or until firm. Makes about 2 1/2 qts.

Sweet Potatoes with Ham: Try peeling medium-size raw sweet potatoes and cook 1 hr. in the pan with baking ham. Turn twice to brown evenly. Result, sweet potatoes rissole.

SUNDAY HAM DINNER

Relish of Cabbage-Green Pepper-Tomato Baked Tenderized Ham

Raisin Sauce Sweet Potatoes Rissolis Brussels Sprouts

Banana Cream Layer Cake or Fresh Pear Coffee or Tea

Trick of the Chef Baste baking ham with orange juice, sparsked with a little lime juice.

HOW LONG SINCE REPAIRS WERE MADE ON STAIRWAY?

By ELEANOR ROSS

The admonition to watch one's step is just as important indoors as out.

Outdoors, of course, one keeps the warning in mind to avoid treacherous tumbles. At home, the admonition should be a reminder to focus our attention on both the appearance and condition of the stairways in the house.

The main indoor staircase, the porch and cellar steps all require frequent inspection.

Before autumn storms begin, give careful attention to the steps that lead to your porch or entrance.

PROTECTED WITH PAINT

If the steps are of wood, make sure that they are adequately protected with paint and that

moisture has not rotted away the steps themselves or their supports. This happens more often than you might think!

If the paint has worn thin or blistered in spots, it's high time to repair the damage.

Before recoating the steps with porch-and-deck enamel, make sure they are sanded smooth and that they are clean and dry. If it has been necessary to replace any part with new lumber, the wood should be primed and allowed to dry thoroughly before installation.

After installation, apply one or more coats of finish.

OTHER PROBLEMS

Cellar steps, of course, do not have to withstand the attacks of the elements, but they present other problems.

In winter, your visits to your heating unit increase in number, and the worn places carefully. When they are dry, go over the entire tread.

Risers and the spindles of the railing are usually, painted to match the surrounding woodwork.

FINE FEATHERS

By ALICE ALDEN

FEATHERS fly onto the sleekest hats and heads and are happily at home there. Here we see pheasant feathers, usually reserved for daytime and casual hats, smartly handled for a smart, close-fitting cap—suit-

able for restaurant dining, dancing and the theater. The head-hugging lines dramatize the natural, iridescent gold plumage finished with a flower motif of feather pads that hug one side of the hairline. And it's a budget-priced beauty, too.

depending upon the type of fuel they use. But whether you descend the stairs to the cellar once a day, or half a dozen times, you must be able to see the steps clearly in order to avoid dangerous falls.

To safeguard life and limb, it's wise to paint the steps with a tough floor enamel in a color that is easily seen. Some householders paint the edge of each step in a color that contrasts with the balance of the staircase.

MAIN STAIRCASE

As far as the main staircase is concerned, you do not have to protect it against the rigors of the weather, nor do you have to paint it in contrasting colors. You do, however, wish to keep it smooth and beautiful with the type of finish that will enhance its appearance.

If the treads have been varnished or shellacked, touch up

the worn places carefully. When they are dry, go over the entire tread.

Risers and the spindles of the railing are usually, painted to match the surrounding woodwork.

Prizes are to be given for the best colored slides brought in by the members. Each member may bring three colored slides to be exhibited and judged. The

slides from Toronto on "Introduction to Picture Making" will be shown.

Dim View Is Taken Over Sponsored TV Program Of Queen

LONDO (NAP) — The Daily Herald today takes a sad-eyed view of the announcement that a cosmetic firm will sponsor a telecast of Queen Elizabeth and Prince Philip at the royal Commonwealth ball on their visit to the United States.

The Herald's story goes like this: "Ambassadors, senators, congressmen bow deeply. America's top socialites curtsy. The Queen turns to them and smiles.

"Cut: Darken your eyebrows and deepen your mystery. X's eyebrow pencils make you an eye-fu!

The Duke of Edinburgh raises a glass to return a toast. He opens his mouth to speak.

"Cut: Girls, get your man by fluttering your eyelashes. He lingers longer when you use X's mascara.

"That's the kind of thing that will happen during the coast-to-coast TV screening of the royal tour of America next month," the Herald declared. "Every few minutes the Queen will be blotted out by advertisement jingles persuading women to buy X's makeup."

The newspaper notes there have been no complaints from Buckingham Palace and quoted an unnamed court official as saying: "In foreign countries people can do what they like in matters like this."

An announcement in New York said the Maybelline company will sponsor the telecast at the ball in New York Oct. 21. The firm, which sponsored television coverage of the wedding of Prince Radier and Grace Kelly, has arranged with CBS-TV for a 45-minute program.

GLENMORE

GLENMORE—Mr. and Mrs. O. G. Horncastle of Prince Albert, have been recent visitors at the home of Mr. and Mrs. R. Pike.

Mr. and Mrs. Felix Sutton have returned from a ten day trip to the Coast.

Mrs. Madeline Werts has returned from a three months' trip to Britain and the continent. Miss Elizabeth Werts spent the time her mother was abroad visiting relatives in Montreal and Creston.

Mr. and Mrs. W. Short have had visiting their home Mr. and Mrs. James Rignall and their two children, Laurie and Kim, of Victoria.

Macintosh apple picking is over in the Glenmore area, and it will be several days before the delicious apples are ready for picking due to late coloring.

After several days of cleaning and testing pipelines, Inland Natural Gas Ltd. have turned on the gas in the south end of Glenmore.

Gas Appliances Have "New Look"

Gas has really got it this year. The "new look" is everywhere.

Top of the burner controls, wider ovens, recessed griddles, meat thermometers, built-in and recessed ranges, refrigerators, dryers and water heaters are show-stoppers!

Modern, handsomely styled kitchen settings use gas appliances in every conceivable way, proving once again the versatility of gas equipment.

Taking their lead from the automobile manufacturers, the "new look" kitchens are equipped with two and three-toned enamel and metallic-finished gas appliances in combination with color-coordinated cabinets. Pink, yellow, blue, green, copper-tone, stainless steel and satin chrome, used in a variety of combinations, put kitchens on the "best-dressed" list.

Surface units, in a variety of arrangements, are used to advantage. These attract a great deal of attention because of the new thermostatic controls which are revolutionizing top of the burner cooking, where 80% of all cooking is done.

Hailed as one of the most exciting new range features ever developed (one manufacturer calls it the greatest development in cooking over the last 43 years), these marvelous thermosic controls make any utensil an automatic appliance. Automatically maintaining temperatures ranging from a low, low 150 degrees up to 450 degrees, they completely eliminate scorching, burning and boil-overs.

Another scene-stealer is the gas automatic washer-dryer combination. These are becoming just as versatile and popular as built-in gas ranges. Recessed into walls, built into unusual counter arrangements, and left free-standing, they illustrate the widest choice of arrangements possible. They can be used in the kitchen, laundry room or basement laundry-playroom area.

Gas water heaters are tied-in with laundry equipment to emphasize the importance of hot water in home laundering. They, too, have the much-wanted "new look." A pink and white square shaped gas water heater, specially designed to fit in well with washers and dryers in modern laundry rooms, makes a big hit.

with housewives. Gas heaters are equally at home in the kitchen, concealed in closets, or shown counter-top height alongside other modern home appliances.

Also new is a gas-powered griddle recessed into a counter-top which converts into an extra burner. Griddles in combination with recessed-top of the burner units are much in evidence. Surface units finished in copper and stainless steel, feature a variety of arrangements—staggered, all-in-a-row and divided—depending upon the designer's choice.

One set of hinged surface units fold into a back panel when not in use, permitting the counter top to be used as a work surface when needed. Controls are installed either on the counter surfaces or just below, for all of the various units offered.

Built-in ranges, of course, are in abundance. One built-in oven now comes 24 inches wide to make it the largest built-in gas oven on the market. Others have a built-in thermometer which reads the doneness of roasts from inside the meat and registers the reading on a visible range-top dial.

"NEW LOOK"

Still another model has a meat thermometer with a metal-covered cord attached, which is plugged into a connection, recessed in the oven wall, which works like a telephone jack. The sharp point of the thermometer is plunged into the roast, the dial set and the cord hooked up. The "oven sentinel" then takes over and when the meat is cooked precisely to the degree desired, it turns the oven off.

It can also be hooked up to oven clocks so that the entire cooking operation takes place while the housewife is out of the house.

Truly automatic 1957 gas appliances are the most completely modern appliances on the market. They incorporate every possible feature, in every possible choice of colors and finishes. Whether built-in or free standing, they add a note of beauty to any kitchen setting.

Gas has got it, and you can be sure that the housewife wants it... judging by the public's reaction to the "new look" with

Women ARTS COUNCIL

THE DAILY COURIER, Monday, Sept. 30th 3

MUSIC

The registered music teachers and the musical festival committee are sponsoring a young artist concert in the senior high school auditorium on Wednesday, Oct. 30, at 8 p.m.

The pianist will be Jack Cohen and the soprano Patricia Fewell, both of whom are from Winnipeg.

Classical recorded music will be played in the library board room on October 14 and 28. Anyone who enjoys classical music is welcome to attend.

DRAMA

Kelowna productions announces that auditions for the play "Finnian's Rainbow," which is to be produced in March, will take place at CKOV in Studio A at 8 p.m. as follows: October 7 for principal parts; October 8 for singing chorus; October 9 for the dancing. Auditions are open to all.

Kelowna Little Theatre's first play of the season is to be the comedy entitled "Janus" at the Empress theatre. Date to be announced later. The play will be produced by Miss Gay Scrivener, Vancouver director, stage and television actress.

Friends of the Library are sponsoring "Holiday Theatre" in the High School Auditorium on Wednesday, October 16, at 3:30 in the evening.

DANCING

The Mary Pratten School of Dancing reports the highest attendance it has ever had.

PAINTING

Display in the Library Board Room for October. From October 1 to 15 Mrs. Grigsby's students, From October 16 to 31 The Vernon Art Group.

"My Life Insurance man did a grand job for me, Ed"

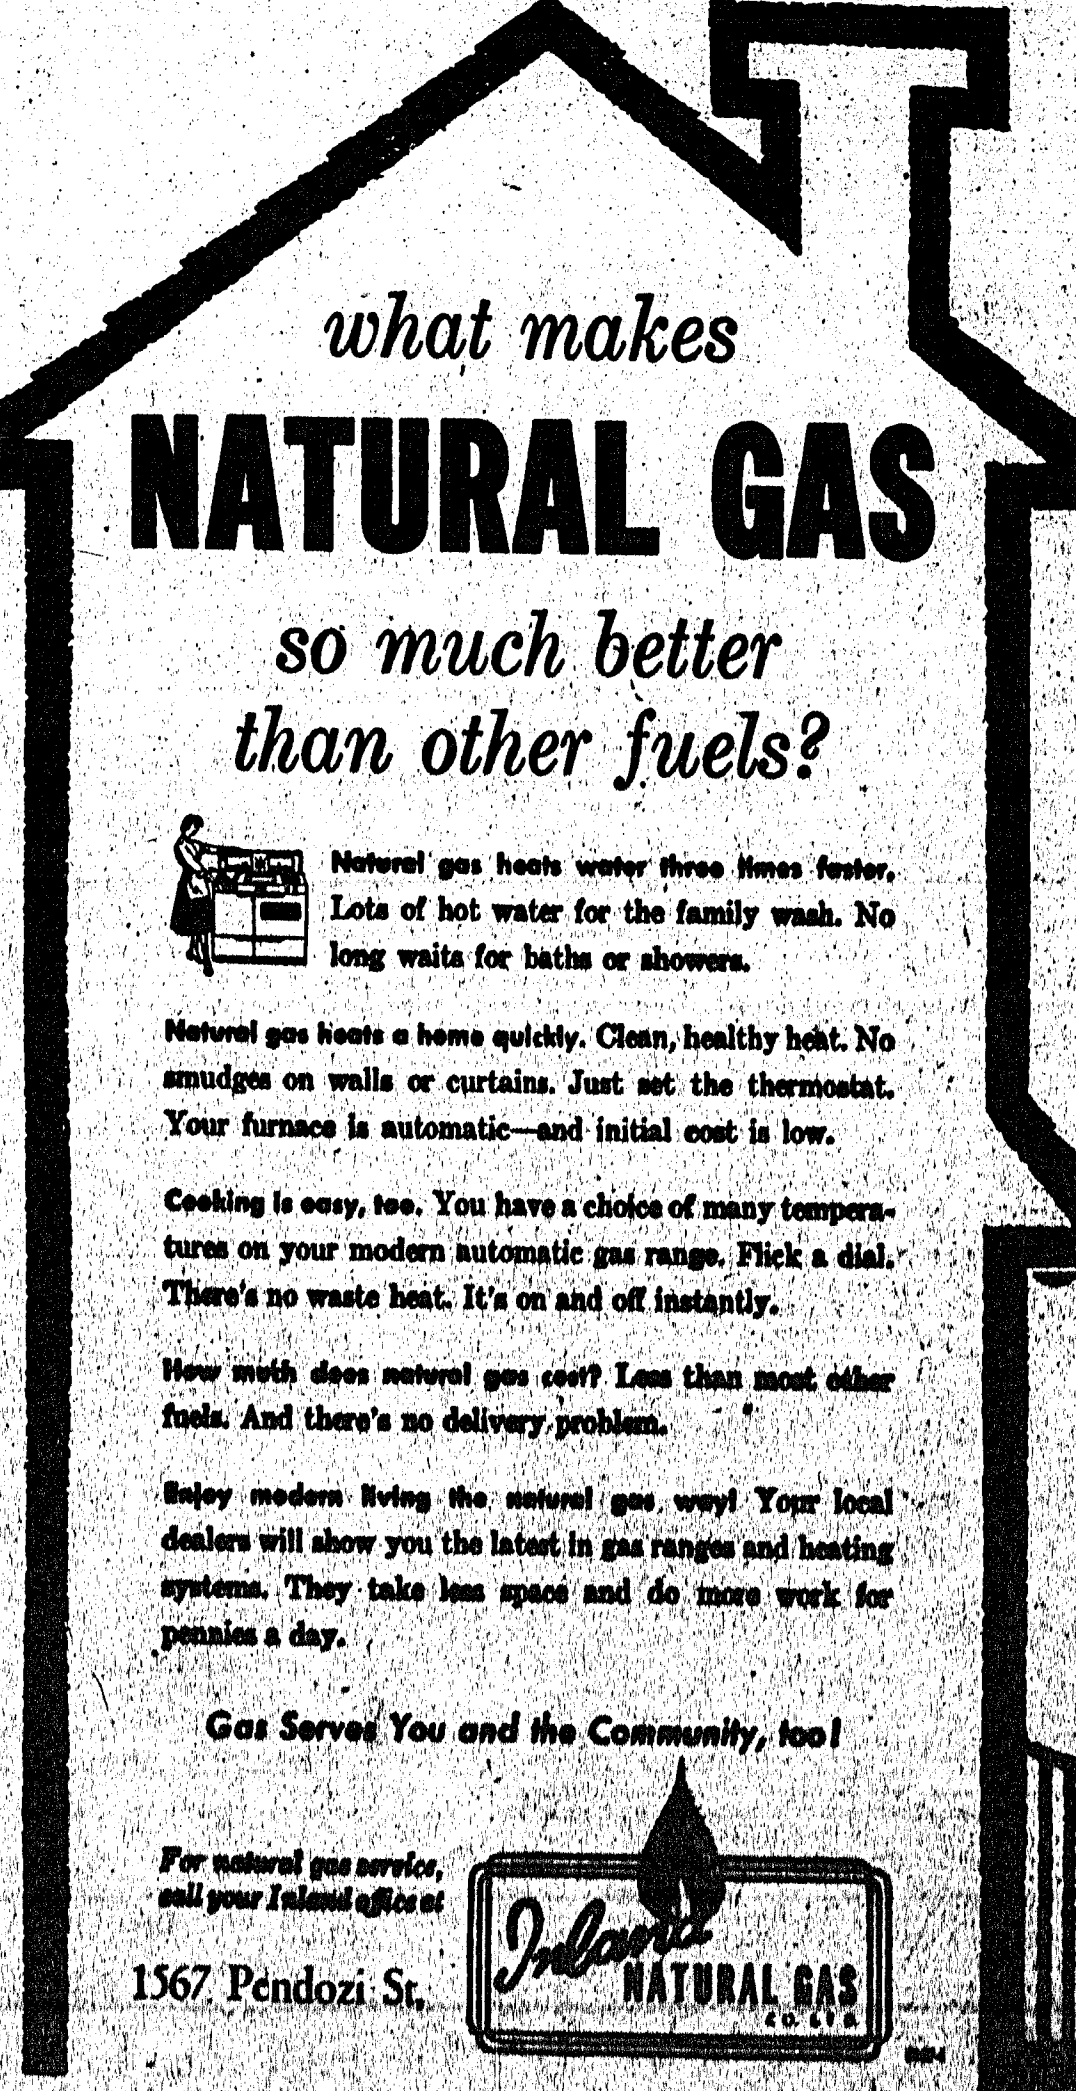

All talk over the back fence isn't about sport, or politics, or television programs. Very often it's about such vital things as looking after the family and having enough money to retire on. Your life insurance man is well equipped to solve these problems. He is trained to analyse all the facts about a family's future requirements. He serves Canadian families by offering practical plans to meet individual needs.

Life insurance representatives have exceptional training opportunities today. Their own companies provide them with basic courses covering a wide variety of subjects.

Through the Life Underwriters Association of Canada they have access to the experience of many able men who have helped to make Canadians the world's best-insured people. This Association has a 2-year training program for its members. And, in addition, for those who desire to pursue more advanced studies, there is a 3-year university extension course leading to the Association's designation of Chartered Life Underwriter (C.L.U.).

This thorough training plus practical experience in helping people explains why millions of Canadians have welcomed the services of the modern Life Underwriter.

THE LIFE INSURANCE COMPANIES IN CANADA

what makes
NATURAL GAS
so much better
than other fuels?

 Natural gas heats water three times faster. Lots of hot water for the family wash. No long waits for baths or showers.

Natural gas heats a home quickly. Clean, healthy heat. No smudges on walls or curtains. Just set the thermostat. Your furnace is automatic—and initial cost is low.

Cooking is easy, too. You have a choice of many temperatures on your modern automatic gas range. Flick a dial. There's no waste heat. It's on and off instantly.

How much does natural gas cost? Less than most other fuels. And there's no delivery problem.

Enjoy modern living the natural gas way! Your local dealers will show you the latest in gas ranges and heating systems. They take less space and do more work for pennies a day.

Gas Serves You and the Community, too!

For natural gas service, call your Inland office at
1567 Pendozi St.

SPORTLIGHT

Stage Setting Was Perfect
Orioles Answered The Cue

By GEORGE INGLIS

Sunday the weatherman seemed to feel the drama in the air and set the scene accordingly, ordering loads of Okanagan sunshine and just a slight breeze for the first game of the Okanagan Mainline League baseball finals in the Orchard City.

Spurred on by the actions of the weatherman, a capacity crowd loaded every seat in the Elks Stadium, something that hasn't been seen too often in the past decade. Some 2,000 ball fans jammed the stands to groaning point.

Out on the diamond, the boys turned in a flawless performance, living up to the stage-setting, and the pennant-winning Orioles edged the fighting Red Sox by a narrow 3-1 margin.

Hero of the day was a guy who has been associated with baseball in the Orchard City for a decade, who hung up his cleats last year, but returned to the fray after a few games on the side-lines—Ed "Killer" Kiehliski.

Killer, who played behind the plate until his old knees grew a trifle stiff for the job of propelling him up and down, held down the third base spot with much aplomb. On one occasion he caused several fans heart-failure when he almost bobbled a hard grounder, with Jack Durston on third and just dying to come home, but he recovered and made the put out.

It was at the plate, however, that he distinguished himself. With bases loaded in the bottom of the seventh, and the score tied up, 1-1, he stepped up to the plate.

Never turning a hair at this movie script set-up, Killer drove a hard liner that even the agile Lloyd BURGART at short failed to nail, and Dave Gatherum and Johnny Culos romped in with the two big runs that made all the difference.

It couldn't have happened by a nicer guy.

STEADY AS A ROCK

Any meeting between the Sox and Orioles is usually a tough one, and Sunday's was no exception, especially where pitcher Les Schaefer was concerned.

The gangling right-hander, "Skinny" to intimates, has been a tower of strength to coach Hank Tostenstrom throughout the season, but he was never steadier than on Sunday.

He was tighter than a miser's fist on the mound, giving nothing away for free, and his fielding staff seemed to profit by his example. Big Bob Radies was ready and willing to take over should the occasion arise, but it never even got to the doubtful stage in the full nine frames.

He took no chances on George Drossos, one of the Sox Murderers' Row, but big Sambo Drossos, the terror of the hardwood, failed to phase him. In the first time at bat for the Sox clean-up slugger, Les struck him out and the big boy never even looked dangerous after that.

Even dangerous batters like short-stop Lloyd BURGART and the "Charles", Preen and Burtch, never dented the big boy's armour. No amount of heckling seemed to bother his aplomb, either, no matter how the situation looked.

He was tall on the diamond.

WANTED—ONE CARAVAN

Based on the enthusiastic turn-out for Sunday's game, the indications are for another big turnout next Sunday in Penticton, to provide the impetus needed to wrap the series up.

The fuel supplied by the active lungs of 2-300 hometown fans could be all the spur the boys need to put them over the top next Sunday in the Peach City ball park, and write into the best season a Kelowna club has had in the diamond game since Kiehliski was a pup.

The boys showed on Sunday they have the hitting ability in the clutches, the fielding ability, and rest of the requirements that go into making up a championship club.

They were lifted up on a tide of enthusiasm, and carried over the spots that looked rough. There's no pay in athletics that stacks up beside a full-throated roar from a bunch of friends and neighbors.

It may be just the touch Hank's Orioles need, come Sunday.

Canada's Voice Of Hockey
"Hangs 'Em Up" For Good

TORONTO (CP) — Foster Hewitt is quitting the Saturday night National Hockey League radio broadcasts from Maple Leaf Gardens that made his voice the best-known on the Canadian air.

Hewitt said Sunday night in a telephone interview that his son Bill, 25, will do the broadcasts for the same sponsor this season.

The elder Hewitt, 52, will continue to do telecasts of the Saturday night home games of Toronto Maple Leafs for the Canadian Broadcasting Corporation.

There will be a weekly feature in Ontario but the CBC says it plans to alternate telecasts of Montreal and Toronto weekend games elsewhere in Canada.

STARTED IN 1922
Foster Hewitt, who broadcast his first hockey game from a telephone booth at Toronto's old Mutual Street Arena in 1922, never missed a national radio network hockey broadcast from Maple Leaf Gardens from 1931 to 1953, when he went to Krefeld, West Germany to cover the world championship game between Penticton and Moscow Dynamos.

He said Sunday night that one reason he is giving up the radio spot is the mechanical impracticality of doing the radio and TV commentary simultaneously. This in the trade, is known as a "simultaneous."

"But in addition to this," he said, "is the fact that Bill is coming along fast in the business and it could be that maybe I'm making way for a better man."

Father and son have remarkably similar radio voices.

ALL BUT FISHING
Hewitt, Sr. made his first network broadcast in 1927 at Montreal's St. Hubert airport where the British dirigible R-10 tied up. He covered the arrival at Quebec shortly after of the liner Empress of Britain on her maiden voyage. It was once said the only Canadian sport he had never broadcast was fishing.

"I guess probably that since 'I've done something in the neighborhood of 5,000 sports broadcasts,' I tried to tell people what I was seeing and I never believed in talking just to fill air time."

Hewitt will still have his hands full this year despite his decision to drop the Saturday night radio spot. He has owned his own radio station, CKFH, in Toronto, for six years.

Dedicate Comes Through In
Thrilling Woodward Stakes

NEW YORK (CP) — Dedicate, a five-year-old handspan stallion, never had won a race at Belmont Park in previous starts, whipped Gallant Man in the \$100,000 Woodward Stakes Saturday.

It was a thrilling climax to one of Belmont's greatest racing days coming after George W. Weather's Jester romped home the winner in a tough running of the \$100,000 Kentucky for two-year-olds.

The 114-mile Woodward had been billed as a dream race, but Dedicate made it a nightmare for Gallant Man and Bold Ruler, the two favorites, who were forced to fight it out for first prize of \$70,000.

Dedicate, owned by Mrs. J. Paul Burke and trained by William B. Stryker, won the race in 1:58.40, easily whipping Bold Ruler's Gal and Stryker.

EASY DOES IT NOW

Dainty does it! Orioles center fielder, Bill Martino, seems to be treading on eggs as he comes in to third base during the first game of OMBL finals.

played before a record 2,000 people in Kelowna yesterday. That's Penticton Red Sox third baseman Charlie Burtch waiting for the ball. The Orioles

took the opener by a narrow, 3-1 score in a tight nine innings of championship ball.

(Courier Staff Photo)

Yankee Stadium May Be
Waterloo For The Braves

MILWAUKEE (AP) — Yankee Stadium, a Waterloo for so many aspiring National League champions, may prove to be the same kind of a graveyard for Milwaukee Braves.

That massive stadium, with the vast outfield expanse, the treacherous left field barrier, the short right field fence, the darkening third tier and the murderous haze that settles down on the field in the late innings could conceivably play an important role in deciding the world series.

These factors, especially the latter, could furnish the intangible that could bring another world championship to the Yankees in what otherwise figures to be an evenly-matched series. It shapes up as Yankee defence, speed, bench, experience and tradition against Milwaukee power and pitching.

The Braves, with right-handed power boys like Henry Aaron and Joe Adcock, and left-handed sluggers like Eddie Mathews and Wes Covington, can match such Yankee offensive weapons as Mickey Mantle, Yogi Berra, Hank Bauer and Moose Skowron.

The Milwaukee pitching figures to be superior although the Yankees have the edge in the bullpen because of Bob Grim. And there is little to choose in the infield.

The outfield may be Milwaukee's Achilles' heel.

The Milwaukee outfield, in the opinion of this impartial observer is one of the poorest defensively in the National League. Only St. Louis Cardinals' trio ranks lower.

SMOKE HAZE

The most difficult position to play in Yankee Stadium is left field because of the large area and the difficult shadows, particularly at World Series time. Visiting fielders have complained of the cigarette smoke that at times creates a weird haze on an otherwise bright, sunny afternoon.

Wes Covington, who will play left field for the Braves, did not make the majors on his fielding ability. Possessor of a fair arm.

Fans Stranded
After Marathon
Tennis Matches

LONDON (AP) — World tennis stars fought a marathon doubles battle until 1:30 a.m. London time in famed Wimbledon Stadium today—and nearly 6,000 fans were left stranded with no transport home.

St. Ives, who was just good news, was the 6' 10" lb. youth has been in the Orchard City marking time for two years, and had only managed to work at odd times with the Packers during that time.

When he left his hometown of Winnipeg four years ago, Alf Pike said Laidler was one of the best young juniors to come out of the Gateway to the West in many years.

A smooth skater, Laidler showed one of the most bone-crushing body checks in the league, but never seemed to catch with the Packers.

Ladies Tee Off
10 A.M. Thurs.

The ladies of the Kelowna Golf and Country Club will play a monthly medal round this Thursday, with tee-off time at 10 a.m.

Here is the list of the draw:

10:00 a.m. Joan Campbell, Helene Carmichael.

10:05 Thelma Owens, Joyce Underhill.

10:10 Ruth Oliver, Helen Ahrens.

10:15 Margie Walker, Eve Lander.

10:20 Helen Burkholder, Helen Shreff.

10:25 Marie MacKenzie, Helen Van der Vliet.

10:30 Grace Mason, Belle Lakin.

FORD AND SPAHN
START SERIES DUEL

NEW YORK (AP) — Manager Casey Stengel of New York Yankees today named Whitey Ford to face Milwaukee's Warren Spahn in a battle of left-handers for the opening World Series game at Yankee Stadium Wednesday.

Ford won 11 and lost five games this year. Spahn won 21 and lost 11 for the Braves. He was named by manager Fred Haney on Sunday.

Laidler To Try
With U.S. Club

One of the surest proofs the Packers feel they have an abundance of defence material came in the form of an announcement that young Buddy Laidler has been offered a try-out with the Seattle Americans.

Players' committee chairman Bob Giordano said he had been in touch with the coach of the U.S. pro club, Keith Allen, and had told him Laidler was a hard-hitting, rugged player who needed some polishing.

Allen said he might have the spot for him, and Laidler left today to try for the blue line patrol job with the Americans in the WHL.

The call may have come as a bit of bad news for Vernon coach George Agar, who had been angling for Laidler to fill out some of the sag on his rear guard this year.

For Laidler, it was just good news. The 6' 10" lb. youth has been in the Orchard City marking time for two years, and had only managed to work at odd times with the Packers during that time.

When he left his hometown of Winnipeg four years ago, Alf Pike said Laidler was one of the best young juniors to come out of the Gateway to the West in many years.

A smooth skater, Laidler showed one of the most bone-crushing body checks in the league, but never seemed to catch with the Packers.

Buses and trains had long since stopped running when Australian Lew Hoad and Ken Rosewall finally triumphed over Pancho Segura, Ecuador, and Jack Kramer, United States, 4-6, 6-8, 6-2, 6-1, 6-3 in the doubles final of the International professional championships.

The match lasted just over two hours. Before that Segura had reached the singles final by beating Richard Gonzales in an even longer struggle. He won 11-9, 12-10, 6-4 in 2 1/2 hours.

Segura got 12 minutes' breathing space before the doubles match, so he was on the court almost continuously for about four and a half hours.

Segura's surprise win over Gonzales put him in the final with Rosewall.

Balding And Leonard
To Japan's Tee Tilt

TORONTO (CP) — Al Balding of Toronto and Stan Leonard of Vancouver will fly to Japan next week to represent Canada in the International Canada Cup golf matches Oct. 24 to 27, it was learned here today.

Thirty countries will compete in the matches. Balding and Leonard competed in the event last year in England.

Orioles Win
Series Debut

The red-hot Kelowna Orioles came through in the platoon in Sunday's tight opening OMBL final series to down their arch-rivals, the Penticton Red Sox, 3-1, and take a one-game lead in the best-of-three finals.

A crowd of 2,000 jammed the stands on the beaming Indian Summer afternoon to watch the

locals come through in championship style behind the steady, two-hit pitching of Les "Skinny" Schaefer, Kelowna's veteran moundman.

Hero of the day, however, was an aging ball hawk who has already hung his cleats up once, but turned in a sparkling display yesterday at third base, and

earned his season's keep at the plate.

DECISIVE SINGLE
Ed "Killer" Kiehliski, former catcher, and ball player in Kelowna for a decade, stepped up to the plate in the seventh with the score tied and the bases loaded. He caught Jimmy Staff's offering smashing out a hard single to drive in Dave Gatherum and Johnny Culos and win the ball game for Kelowna.

Jack Durston started on the mound for Kelowna, and the local hitters found him for three hits in his five frames. His control was wobbly, however, and there was bull-pen action three times before Staff took over in the fifth with two men on via the walk route.

Kelowna started out in the bottom of the first, with Hroml Ito walking, and Gatherum driving him on with a sacrifice bunt. Ito Kaiser walked, and Bill Martino grounded to third, forcing Ito, but Kaiser made third when the second baseman dropped Burtch's try for the double.

PLACE SHOT
Catcher Johnny Culos drove Kiehliski in with a lovely place shot over first base, and the run held up for six full frames.

In the seventh, Jim Tooley got a hit, stretching it into a double when Al Schaefer's peg to first was wild. George Drossos took his second walk and Tooley went down to third.

Staff bunted down the first base line, and Les Schaefer tried to let it roll foul, but it wouldn't co-operate, and Tooley came in on the play with the tying run.

ENDS RALLY
Schaefer scowled then, and struck out Charlie Preen, one of the Sox heavy hitters, to end the insurance.

In the bottom of the seventh, Kelowna loaded up the bases for the second time in the game, on two walks, one hit, and one hit by pitch, with one runner forced.

It was Kiehliski's cue to make a hero of himself, and he did. The next game will go on in Penticton on Sunday at 2:30, with a victory for Kelowna meaning the championship.

Bill Tapscott of Penticton worked the plate in the game, and Larry Schlosser of Kelowna was the base umpire.

Line Score
Penticton ... 000 000 100—2 1 3
Kelowna ... 100 000 20x—3 4 2

Kirkwood Clown
Act A Riot At
Local Greens

Joe Kirkwood, Australia's master golf clown, gave an hour-long demonstration of his prize collection of trick clubs and routines on Sunday at the Kelowna Golf and Country Club.

Kirkwood, who was here before the days of the grass greens, some seven years ago, said he was pleasantly surprised at the fine condition of the greens now.

Close to 100 people watched him go through his routine, although there was no chance to advertise his impromptu visit, a voluntary effort on his part. He was slated to make an appearance in Vernon, and included Kelowna on his literary himself.

Knocking balls off watches, off people's toes, winding trick clubs around his neck, he kept the crowd in stitches, and incidentally showed some wonderful shots as well as his comedy ones.

POLICE FIND BODY
SURREY (CP) — The body of 65-year-old farmer Angus Alexander Nelson was found Saturday in a barn behind his home.

RCMP said the man apparently died of shotgun wounds. A 12 gauge shotgun was found across his legs. He had been shot in the head.

Sports

THE DAILY COURIER, Monday, Sept. 30th 4

'Spurs Rolling,
Edge Penticton

Kelowna Hotspurs started their bid for the top spot in the Okanagan Valley soccer loop Sunday when they edged the league-leading Penticton Rangers 2-1 in the Peach City.

The 'Spurs, defending champs, were winless until Sunday's fast and thrilling match, but now stand alone in possession of third spot, just two points behind the Rangers in the closely bunched race.

It was a come-back victory, as the Rangers led in the first half on a goal by George "Babe" Brochu, who hammered the ball in on a combination play with inside right Wally Morgan.

TIES SCORE
Ten minutes into the second half, Derek Beardsell, hero of last week's game against Kamloops, rapped in a first-time goal from the right wing on a pass from Derek Crowther to knot the score.

Jack Thomson shot the 'Spurs into the lead 15 minutes later when he shot through a maze of legs on a pass from Irwin Mueller, giving replacement goalie Errol Gay no chance on the play.

Gay was replacing Rod Dewhurst, regular goalie, out with a dislocated finger.

Crowther almost added an insurance marker five minutes later, when he let go a rocket shot that made the goalie duck, but it hit the post and deflected out.

For the last 15 minutes of play, goalie Mat Turk and half Pete Pohlman turned in some wonderful defensive work.

KAMLOOPS' CAME BACK
Up in Vernon, Kamloops United came back from a first-period deficit to hammer the Vernon Rangers 6-3 in a thriller, and Revelstoke beat Lumby 5-1 in the northern city.

Coach Jack Lomax of the 'Spurs feels his champs are in form now, and can roll to the top of the league again, following their defeat of the league leaders.

The Penticton club now lead by a skinny one point, with Kamloops and Revelstoke tied for second with five. Kelowna is third with four, and Lumby and Vernon have two apiece.

Line-ups

Kelowna — Mat Turk, goal; Charlie Bazzana, Peter Bulato-

with fullback; Pete Pohlman, Jack Lomas, Irwin Mueller, half back; Barney Woods, Derek Crowther, John Owen, Jack Thomson, Derek Beardsell, forwards. Subs, John Wiebe, Dennis Bowers, Wendell Turk.

Penticton — Errol Gay, goal; Charlie Goeckel, George Christie, fullback; Robert McLaren, Graham McLaren, Peter Osborne, halfback; John Gyorfi, Wally Morgan, Babe Brochu, John Rodan, Gerry Manson, Helmut Gedig, forwards.

Agar Kicks
Off Season
Ducat Blitz

(Courier's Vernon Bureau)
VERNON — Vernon Canadians kicked off a week-long season ticket sales blitz here Saturday, with a parade down Barnard Ave. The target aimed at is 1,000 ticket sales.

George Agar, tight-lipped coach of the Canadians, isn't letting out any secrets to encourage season ticket prospects but promises to have all his surprises at the rink next Saturday when the team opens camp for the 1957-58 season.

Ron Morgan, 23-year-old defenceman with Cleveland Barons of the American League last season, will line up with the Canadians reports Agar.

He promises at least eight new players on the Vernon scene for the first workout. The group includes four players from the East.

Already signed with the team are Walt Trentini, Willie Schmidt, Odie Lowe, Merv Bloski, Tom Stecyk and Hal Gordon of last season's squad.

FIFTH SCHOOL CLOSES

TRAIL, B.C. (CP) — School and medical authorities here ordered a fifth Trail school closed because of an influenza epidemic.

O'Reilly's Red
Men Work Tonite

The Kelowna Packers go into their first stiff training workout tonight at 8 p.m., with the first scheduled exhibition game slated for this Saturday night against New Westminster Royals.

Coach Jack O'Reilly is rather pleased with the showing of the club in the first night of their light skating workout on Friday.

"We have a club that is going to give a good account of themselves, and win a lot of hockey games," he said.

The main weakness, he agreed was down the center. If the club were able to sign one really good center, they would have a strong line-up.

COULD WIN

"I think we could win this league, if we found a top center man, but that may present a bit of a problem."

In spite of several negotiations for center men petersing out, the genial coach and his players' committee chairman Bob Giordano still have some irons in the fire, and feel that a trip to Winnipeg may be the answer to the problem.

In tonight's workout he plans to start right away getting the boys going at top speed to tell as quickly as possible, with an eye on the first game, Friday, October 18.

NOT FINAL
While negotiations were not yet final with the New Westminster club's coach, Hal Lagers, O'Reilly is preparing as though he would have to face them next Saturday.

The Victoria Cougars, however, will be facing-off here in exhibition against the Packers on Tuesday, Oct. 8, on their swing through the valley.

O'Reilly plans both exhibition games to give him a first-hand account of just how well the

Packers' reinforcement program has been.

Williams Tops League Clout Kings With 388

BOSTON (AP) — Ted Williams won the American League batting championship Sunday with a .388 average after collecting a double and single in two trips against New York Yankees. He left the game in the third inning. The Yanks' Mike Mantle finished second with .365. Williams had 38 home runs, finishing second to Washington's Roy Sievers. He drove in 87 runs. In 152 games, Williams was up 420 times, scored 96 runs and had 163 hits.

Leafs Shut Out Barons In 2-0 Ex.

NORTH BAY, Ont. (CP) — Toronto Maple Leafs of the National Hockey League took a 2-0 exhibition victory over Cleveland Barons of the American League in a hard-fought exhibition game Saturday night. With regular defencemen Steve Krotcheck and Gord Hudson back in the lineup, Barons displayed marked improvement over their 5-1 defeat by the Leafs in Sudbury Friday night. Bid Smith drew first blood for Toronto after only 41 seconds with Dick Duff adding the clincher in the second period on captain George Armstrong's rebound. A total of 29 penalties, including four majors, were handed out. At one time in the second period there were nine players in the penalty box.

Cards Manager Signed For '58

ST. LOUIS (AP) — Fred Hutchinson, the manager who steered St. Louis Cardinals to second place in the National League, was signed Saturday to a one-year contract. General manager Frank Lane did not disclose terms but said Hutchinson received an increase. He came to the Cardinals in the 1954 season and under him the Cards rose to fourth place from 1953 seventh position. Hutchinson was voted manager of the year in 1955 when his St. Louis club of the Pacific Coast League won a pennant.

Mr. Wonderful Sparks Als Into Top-Place Big 4 Tie

By THE ASSOCIATED PRESS
The great Hal Patterson, in another of those performances that has earned him the nickname Mr. Wonderful, scored two touchdowns Saturday as he sparked Montreal Alouettes to a victory over Hamilton Tiger Cats. A Hamilton crowd of 21,115 saw Patterson bring the Alouettes from behind in the dying minutes with a dazzling touchdown off a pass from quarterback Sam Etcheberry. It wiped out an 8-7 Hamilton lead and gave the Alouettes a victory that left them tied with Ottawa Rough Riders for first place, each with five wins and two losses. A crowd of 16,506 in Ottawa saw their Rough Riders make it seven straight victories over the winless Toronto Argonauts, defeating the Argos 40-21. HEAVY LOSS
The Hamilton team, previously defeated by the Alouettes and Rough Riders for the lead, is in third place with four wins and three setbacks. Argos trail with seven straight losses. BREAKS LOOSE
The Alouettes appeared headed for defeat until Patterson broke loose after being held in check since the early minutes of the game when he got his first touchdown to send the Montreal club out in front 7-0. The Tiger-Cats overcame that lead with a first-quarter single by Cam Fraser and a converted third-quarter touchdown by Gerry McDougall, who led their powerful ground attack as he set an individual game rushing record of 220 yards. The old mark of 202 yards was set by Corky Tharp of Argonauts in 1955, against Ottawa. Bill Bewley converted both Montreal touchdowns and Steve Oneschuk booted the conversion on Hamilton's lone touchdown. There was less than three minutes to play when Patterson and Etcheberry went to work for the winning touchdown. SCORING LEADER
They struck from the Hamilton 45-yard line where Fraser kicked to after the Alouettes had missed on a field goal attempt. Etcheberry rifled a pass to Patterson at the 30-yard line and the former University of Kansas end broke away from Oneschuk, who

Kansas City 7-4 for Jim Bunning's 20th victory and Baltimore finished fifth by handing Washington's Chuck Stobbs his 20th defeat, 7-3.

Ted Williams, 39, became the oldest man to win a batting championship when he boosted his mark to .388 with two hits for the Boston Red Sox in their 3-2 victory over the New York Yankees. Despite Cleveland's 5-3 triumph over Chicago, the Indians wound up sixth, their first second division finish since 1946.

TWO-RUN HOMER
Milwaukee came up with two in the ninth to top Cincinnati 4-3 and Chicago managed a seventh-place tie with Pittsburgh by downing St. Louis 5-3 as Ernie Banks had a perfect five-hit day. Pittsburgh clubbed New York 5-1 before 11,606 at the Polo Grounds and Ed Bouchee hit a two-run homer to give Philadelphia 2-1 margin over Brooklyn.

Idle Stan Musial of St. Louis wound up with the National League batting title at .351 and Hank Aaron led in both home runs with 44, and runs batted in with 132.

Roy Sievers of Washington topped the American with 42 homers and 114 runs batted in as Mickey Mantle of New York failed to repeat in any of the three departments that he led in 1956.

WILLIAMS IN REELER
Williams had a single and double before he left the game at Boston in the third inning. Jimmy Piersall, Williams' replacement, won the game with a seventh-inning triple off loser Johnny Kucks.

Bunning pitched shutout ball

Bunning pitched shutout ball

Seattle Boat Wins Governor Cup Saturday

MADISON, Ind. (CP) — A Seattle hydroplane won the Governor's Cup Sunday after another Seattle craft was thrown into the air and split fore-and-aft in a trial heat.

A Canadian entry placed fifth in both the third and final elimination heats.

Hawaii Kai III, piloted by Jack Regas of Seattle, added the Governor's Cup to previous President's Cup and Silver Cup victories for a commanding lead in the National Hydroplane standings.

Bob Hayward of London, Ont., piloting Miss Supertest, hit a speed of more than 92 miles an hour in one heat but finished seventh in points.

The race was marred by the wreck of the Seattle hydro, Miss Thriftway. Pilot Bill Muncey escaped with a bruised shoulder. Miss Thriftway, winner of the Gold Cup race the last two years, was tied second in national standings. Experts said it can't be repaired for the season's final race on Lake Mead in two weeks.

Muncey pushed it to a 15-mile heat record of 108.129 miles an hour Saturday.

The Andys Have It In Rangers Ex. Victory

PROVIDENCE, R.I. (AP) — Andy Hepenton and Andy Bhatge scored all three New York Ranger goals between them Saturday as the Rangers of the National Hockey League edged Springfield of the American League.

Bhatge scored the game's first goal at 10:51 of the first period.

Hepenton tallied both his goals in the middle session. He scored at 2:03 with an assist from Hank Ciesla and then at 18:18 unassisted.

Springfield's two goals were scored by Stan Bialluk.

Notts Forest Challenged By Wolverhampton Club

LONDON (AP) — Wolverhampton Wanderers rocked flu-weakened Manchester United 3-1 Saturday and joined Nottingham Forest at the top of the English Soccer League standings. Both Nottingham Forest and Wolverhampton now have 15 points from 10 matches. But Forest keeps its place as Division I leader with a slightly better goal average.

Nottingham Forest lost 2-0 at home to West Bromwich Albion. League champion Manchester United, seeking its third straight championship, was without four

of its stars—all down with Asian flu. Asian flu caused changes in about half the league teams. It led to the postponements of five matches—Everton vs. Blackpool, Gateshead vs. Mansfield Town, Patrick Thistle vs. Hearts, St. Johnstone vs. Morton and Dundee vs. Kilmarnock.

The epidemic also cut attendances. The 44 English League matches attracted a total of 70,000—down 100,000 from last Saturday.

Manchester United held Wolverhampton until the 63rd minute. Then the Wolves slammed in three goals in seven minutes.

Normal Decey scored two goals for Wolverhampton and inside forward Dennis Wilshaw got the other. Johnny Doherty counted Manchester's goal with almost the last kick of the match.

United, which started the season with a spurt that had experts saying they had as good as won the championship again, now have dropped to fourth place in Division I with 13 points—two behind Notts Forest and Wolverhampton.

West Bromwich has moved into third place with 14 points. Inside right Bobby Robson got both goals against Notts Forest—one in each half.

SCRAMBLED TO WIN
Bolton scrambled to a 1-0 victory over Portsmouth in a first-half goal by inside right Denis Stevens and centre forward David Herd netted both Arsenal's goals in a 2-1 victory over Leeds United.

Aston Villa, Manchester City, Sheffield Wednesday and Preston North End were the day's five-goal teams. Villa slammed lowly Leicester 5-1. Manchester City crushed Tottenham Hotspur 5-1. Preston defeated Chelsea 5-2 and

Bright Felt Poorly, Only Plunged 120 Rushing Yards

By W. ALAN LACOSTA
Canadian Press Staff Writer
Edmonton's dressing room heaved. "Man, I don't feel so hot—maybe I got spring fever."

Then he went on the football field and racked up 120 of Edmonton Eskimo's 270 yards gained rushing. He also got a touchdown.

Fullback Johnny Bright was a big reason why Edmonton Eskimos trampled Saskatchewan Roughriders 37-12 before 18,000 fans at Edmonton Saturday night.

By doing so they improved their first-place position in the Western Interprovincial Football Union and sunk Riders deeper into fourth.

IN WINNIPEG TONIGHT
It was the only WFLU game scheduled Saturday. Two are on tap tonight, with Eskimos at Winnipeg against second-place Blue Bombers and Riders at Vancouver against last-place British Columbia Lions.

Bright's out-of-season "spring fever" didn't affect his plunging ability. The former Drake University fullback brought his season's ground-gaining total to 944 yards. With seven games left, he is aiming for the 1,400-yard record set by teammate Normie Kwong last season.

With help from Kwong, Jackie Parker and Ken Hall, Bright and the Eskimos crushed the faltering Riders, who played without Ken Carpenter, Bobby Marlow and Ron Adams, all out with injuries.

The first quarter went scoreless but Eskimos led 14-0 at the half and 37-0 before Riders put the ball across for the first time in the third.

The game featured three Edmonton players. Bright had a 15-yard run, a 15-yard punt and a 44-yard field goal. Parker had a 15-yard run and a 44-yard field goal. Hall had a 15-yard run and a 44-yard field goal.

HOME-BREW OFF TO WARS

Happy to see another homebrew heading out to build himself a hockey career, is minor hockey association president Emile Bouchard. Above, young

Bob Boyer, hard-hitting defenceman with the Kelowna juveniles last year, is seen leaving for a try-out with the Melville club in the Saskatchewan Junior Hockey League.

President Bouchard says he hopes it will be the trend from now on, with the local minor hockey group turning them out regularly. (Courier Staff Photo)

Ol' Leswick Holds Off Wings Best

ST. THOMAS, Ont. (CP) — Edmonton Flyers, led by player-coach Tony Leswick, Saturday night held off a strong three-period attack to hold Detroit Red Wings to a 1-1 tie in an exhibition hockey game.

Metro Crystal, released earlier in the week by the National Hockey League parent club, put Flyers into the lead midway through the first period, flipping the puck home from a Don Poile pass.

Wings battled strongly through a scoreless second period, but Flyers' goalie Dennis Riggan, with a sparkling display, kept them off the score sheet.

The third period was only seconds old when Wings' Red Kelly, taking the puck from the face off, raced up the left wing, passing to Alex Delvecchio to level the score.

Wings, with Gordie Howe, Garry Fielder and Johnny Wilson in peak form, made a desperate but futile all-out bid in the final period to notch the winning goal.

Others who showed up well were Wings' Len Lunde, Bill Dineen and Marcel Pronovost and Flyers' Charles Holmes, John Neutendale and Norm Ullman.

Trail Ball Hawk To Join Mounties

VANCOUVER (CP) — Catcher Wally Russell of Trail will join Vancouver Mounties of the Pacific Coast Baseball League when he graduates from University of B.C. next spring.

Mounties general manager Ced Tallis announced the signing of Russell Friday.

"He's a good, husky boy," Tallis said. "He has the basic tools to make a great ball player."

The young righthander batted .400 for the amateur Trail Stars Eaters in 1955 and followed with .336 in 1956 and .330 this year. He is five feet, 11 inches tall and weighs 195 pounds.

Leafs Shut Out Barons In 2-0 Ex.

NORTH BAY, Ont. (CP) — Toronto Maple Leafs of the National Hockey League took a 2-0 exhibition victory over Cleveland Barons of the American League in a hard-fought exhibition game Saturday night.

With regular defencemen Steve Krotcheck and Gord Hudson back in the lineup, Barons displayed marked improvement over their 5-1 defeat by the Leafs in Sudbury Friday night.

Bid Smith drew first blood for Toronto after only 41 seconds with Dick Duff adding the clincher in the second period on captain George Armstrong's rebound. A total of 29 penalties, including four majors, were handed out. At one time in the second period there were nine players in the penalty box.

IRISH FEET

Students Hitch Cross Canada

CALGARY (CP) — Hermon Dowling and Roger Lowry, Irish students hitch-hiking their way across Canada, have a formula for success on the open road.

"Dress as if you were respectable. Don't wear old boots and dirty, old clothes. The essence is to look polite and well-groomed. Wear a white shirt and a tie. Trousers must have a knife-edge crease."

Once attired for the road, the pair offer this advice:

"Put a bit of feeling into it. Don't thumb impersonally. Try to catch the eye of the driver and hold it. Keep smiling... and step off the road gracefully when the car approaches. Don't put the driver to the inconvenience of knocking you down if he doesn't stop."

Dowling, a fifth year student at Queen's University, Belfast, added to this philosophy a shamrock and a question mark. On the reverse side is printed "Irish medical student."

Lowry, who graduated from the same university this year, came to Canada aboard a cargo vessel in June. He said he found hitch-hiking in Canada pleasant and easy. It took him only three rides and four days to cover the 1,500 miles to Calgary from Sudbury, Ont.

The pair joined forces in Calgary in time for the Stampede and spent the summer in the Alberta oil fields.

Dowling, the more experienced hitch-hiker, has had years of putting his philosophy to use in Europe.

On one journey to the Mediterranean from the Irish Sea, an Irish saffron kilt was his ticket. "It was especially effective on the Continent because the temptation of a hitch-hiker in a skirt was just too much, especially for men," he said.

The kilt couldn't be brought to Canada because it is owned in partnership with another student. This summer it toured Europe with its other owner.

B.C. Milk Board Plans Outlined

By Courier Staff Reporter
VERNON—Dairymen and processors from Princeton north to Revelstoke and Kamloops gathered here Thursday to discuss details of the operations of the British Columbia Milk Board.

Approximately 140 dairymen and processors met to hear milk board chairman S. C. Carr, of Vancouver, outline the operation of the board. The meeting was called at the request of the dairymen and processors.

A pertinent point brought out was that no milk quota will go into effect until early 1969, and in the meantime operations will be carried out on a pro rata basis to give dairymen an opportunity to straighten out problems of production, and also prepare themselves for the quota system.

The board will set a price for class 1 milk, milk utilized by the fluid market, and also class 3 milk used in the manufacture of ice cream, cheese and butter.

The basis of payment will be calculated the same as is now being used in the Vancouver milk shed, but the price will be the average of that paid during the base period of 1949 to 1953 in the Okanagan Valley.

Churchill Says Grain Will Move

MONTREAL (CP)—Trade Minister Churchill said on his return from a five-country European mission he is "more hopeful" about disposal of Canada's huge surplus than when he left.

He reiterated his belief if Canada's average annual wheat surplus runs about 20,000,000 acres "we will have no trouble disposing of crops through overseas markets."

Immediate prospects of boosting European wheat sales depended on three factors, Mr. Churchill told a news conference. Europe had a good wheat crop this year. It isn't known how the United States wheat disposal program will run. Iron Curtain sales are affected by uncertainty whether Russia has any spare wheat.

YOUNGSTERS HELP
DERBY, England (CP) — To meet a severe staff shortage 16 teen-agers who left schools in northeast Derbyshire in July are going back as student teachers.

Opening lead—king of spades.
There is one play in bridge you don't find covered in textbooks. It is known as the Alcatraz Coup. The reason the play is omitted from bridge texts is that it is a form of cheating.

The Alcatraz Coup, naturally enough, has its origin in Alcatraz. Who the genius was that invented it is now in dispute, but the many claimants include some of the most distinguished members of the rogues' gallery.

The first recorded use of the play occurred in the accompanying hand. After winning the spade lead, West shifted to a heart and East ruffed. Back came the deuce of clubs (this was not an honest return—it was the fifth best club).

West took the ace and led another heart, which East ruffed. East now played a club, taken in dummy. Declarer had lost four tricks and needed the rest to make the hand.

The king of diamonds was led, followed by another diamond, and East produced the ten. The critical point was now at hand. The question was whether or not to finesse for the queen.

South took stock. East had shown up with no hearts. His distribution was likely to be 5-4-4, but had he started with five diamonds or only four? If East held five diamonds originally, the finesse was essential, but if East held only four, the ace would be the proper play.

South came to a decision. He played the ace of hearts on the diamond lead. West didn't bother to look and automatically played his queen of diamonds.

South now corrected his planned revoke, substituted the ace of diamonds for the ace of hearts, and thus made the contract.

Of course, such shenanigans are strictly dishonest, and players who indulge in such tactics inevitably become ostracized.

In fact, the Alcatraz Coup is now forbidden even on The Rock. The penalty is solitary confinement.

YOUR HOROSCOPE

The Stars Say

FOR TOMORROW
Excellent planetary influences should help to make this a banner day for you. Business and financial dealings are under good aspects, and most persons should be in the cooperative mood necessary to the conclusion of outstanding projects.

FOR THE BIRTHDAY
If tomorrow is your birthday, your horoscope indicates that the next three months should be excellent for making headway toward the attainment of high goals, also for cementing ties with loved ones and others who have your interests at heart. October is, of course, YOUR month, and you should put forth every effort to improve your status. Don't be too aggressive with others, however. You will accomplish more by combining your efforts with a spirit of cooperativeness.

Avoid extravagances in November, and avoid emotional tension toward the end of December. Those in creative fields should find the first six months of 1969 highly inspiring, but all can profit through originality of ideas and ingenuity in putting them over. Travel and romance will be under good aspects between May and August of next year.

A child born on this day could be highly successful in the fields of music, art or decorating.

Fraser Valley's Birthmark

By JACK KEST
Canadian Press Staff Writer

FORT LANGLEY, B.C. (CP)—On the crest of a hill arising through this peaceful Fraser Valley farm community, stout railroads and square buildings mark the birthplace of British Columbia.

Here, on Nov. 19, 1858 James Douglas formally proclaimed a new Crown colony and was sworn in as its first governor.

The job of restoring the site is now in progress. It is expected to cost nearly \$300,000, of which the federal and provincial governments will pay equal shares, and is scheduled for completion during next year's B.C. Centennial.

FEARED ENCROACHMENT
History suggests that the decision of Queen Victoria's government to bestow colonial status on the wild fur trading territory of New Caledonia was dictated more by fear of American encroachment than by political evolution.

With the discovery of gold along the Fraser River that year, thousands of Americans came north to seek their fortune. Imperial authorities feared that the expansionist element in the United States might use these adventurers as a lever to extend American hegemony.

James Douglas, governor of the Crown colony of Vancouver Island, also saw the danger. Without authorization from London, he ordered an armed vessel to the mouth of the Fraser. Before the Americans were allowed to proceed upstream they had to pay a head tax—symbolic of imperial sovereignty.

The colonial office evidently was not displeased with this show of audacity on the part of the autocratic Douglas, who theoretically had no business interfering on the mainland. At any rate, when the time came to choose a mainland governor, Douglas got the appointment, while retaining the governorship of Vancouver Island.

POST SINCE 1857
Fort Langley had been a Hudson's Bay Company post since 1827. When the gold rush started, it became a jumping off point for men going up the Fraser looking for riches. Its population of a couple of hundred was multiplied several times for brief periods.

Today Fort Langley is a picturesque village of 400, with pretty homes.

The flavor of the gold rush is conveyed by an old Hudson's Bay Company account book on display in the fort museum, housed in one of the original buildings.

One entry shows that a bill for \$318.25 was paid with 19½ ounces of gold dust and \$10.25 cash. Another, for \$144, was paid entirely in gold dust.

OTHER ENTRIES
Entries include: 20 pounds of coffee, \$5; shirt, \$1.50; three pounds gunpowder, \$2.25; one pound homemade nails, 10 cents; two gallons of whiskey, \$8; bar of soap, \$1; two pounds of tobacco \$1.

Twenty-two men, directed by an engineer supplied by the federal government, are carrying out the work of rebuilding the fort. Target date for completion is next July.

Alex Hope, president of the Fort Langley Restoration Society, said efforts are being made to have Princess Margaret attend the official opening.

A plan of the fort drawn by the Royal Engineers in 1828 and eventually deposited in the provincial archives at Victoria, is being used as a guide. Also helpful were drawings made last year by three University of British Columbia students under Prof. J. Calder-Peterson, who uncovered the rebuilt walls made of cedar logs measuring foot across and rising 12 feet above ground level—will follow the original lines. Buildings being reconstructed include the officers' quarters, where Governor Douglas took the oath of office.

Lumber is processed on the grounds, made to look unfinished and rough as the lumber which went into the original buildings. Attachments such as hinges and bolts were wrought here. Spikes and nails are topped with wood to simulate wooden pegs.

Fort Langley's day in the sun was short-lived. A colonel of the Royal Engineers who arrived late in 1858 took one look at the layout and, deciding that it was vulnerable to attack, recommended that the government move elsewhere.

In 1860 the capital was moved a few miles downstream to New Westminster. In 1882, three years before Confederation with Canada, Victoria became the capital.

Russ Doctors Treat Australian Girl For Serious Brain Illness

MOSCOW (Reuters) — Soviet specialists have been treating a seven-year-old Australian girl suffering from a serious brain illness for more than a year, the Communist newspaper Soviet Russia reported.

The girl, Alison Shaw, lives in Cairns, New South Wales. Her parents, Samuel and Margaret Shaw, wrote to Moscow for help.

The Soviet Society for Cultural Relations with Foreign Countries reported that the girl's condition had improved and that she was now able to walk and talk.

FILL 'ER UP IN NATO EXERCISE

En route to the Eastern Atlantic for NATO exercises, the U.S. oiler Wacamac prepares to take the Canadian escort destroyer Ottawa alongside, while pumping fuel at sea to the carrier Forrestal. Standardization of parts and fittings was checked in the "Exercise Sea Spray" refueling.

BEHIND THE HEADLINES

Argentina's Crucial Fight For Freedom Goes On

By BRUCE HENDERSON
BUENOS AIRES (AP) — Six terrorist bombs, tossed in a burning garbage pile, blow up in state-capital succession, shattering the peace-dream calm.

Somewhere in a factory district

a worker scrawls the words "viva Peron" on a brick wall in black crayon and then runs off.

The banner headline of a Peronist newspaper cries: "We will never give up."

In a general election, more

than 2,000,000 Argentines vote blank.

So goes on the crucial struggle between democracy and dictatorship in Argentina today. Over it all falls the shadow of a 61-year-old demagogue who refuses to admit defeat — Juan Domingo Peron.

Overthrown two years ago, now exiled in Venezuela, Peron still dreams of returning to power.

Peron, a dashing army colonel, and Maria Eva Duarte de Peron, an aspiring actress, rose to power in this land of beef, wheat, wine and the tango during the mid-1940s.

CHAMPIONS OF POOR

Billing themselves champions of the poor, the Perons amassed a worshipful labor following which hoisted them to the top. Peron became president in 1946.

His beautiful wife moved into government with him. While Peron ruled "Evita" dispensed ostentatious charity. Their "descamisados" "shirtless ones" loved it. She died in 1952.

Suddenly, in September, 1955, a military-civilian uprising exploded which toppled Peron.

Hardly had Peron arrived in Paraguay, his first exile stop, than he served notice that he still regarded himself as constitutional president.

Peronists soon mounted a campaign to badge the post-Peron provisional regime with plots, sabotage, strikes and terrorism.

In June, 1956, they staged a full-scale revolt. Maj.-Gen. Pedro Aramburu's caretaker government crushed the rebellion in 12 hours and executed at least 26 leaders.

Last June Peronists pulled off their first open street demonstrations since Peron fell. In recent weeks Peronists have hidden scores of small but deadly homemade bombs in public places.

OPEN INTERVENTION

Peron intervened openly — from afar — in a constituent assembly election held in Argentina last July. He exhorted his followers to "vote blank" in a show of loyalty to him and 2,000,000.

The blank vote was one-fourth of the total but showed Peron had lost tremendous support since 1954, when he received more than 4,000,000 votes.

Can Peron return? It seems unlikely now, but it remains a possibility.

Many Argentines still remember that after his wife died, Peron took a 14-year-old high school girl, Nelly Rivas, to live with him. They remember too that the Roman Catholic Church in this predominately catholic country was the object of Peron street bullies who beat up Catholic demonstrators and burned churches.

On the other hand, the very economic chaos that he left in Argentina's foreign exchange deficit will total an estimated \$75,000,000 this year. Inflation is rising high. Life is tougher and many Argentines blame this on Aramburu, not Peron.

EMERGENCY METHOD

RUGBY, England (CP) — Television hostess Moele Gordon tossed a message, written with an eyebrow pencil, out of a train passing near here. It asked someone to telephone her studio that the train was late. The message got through.

Hoffa, Beck Still Get Big Support

MIAMI BEACH, Fla. (AP) — Unfairly dealt with by the Senate rackets investigators, Hoffa today withdrew as a candidate for the teamsters presidency to aid what he said he hopes will become a combined opposition against James R. Hoffa.

Shelley's withdrawal left three others in the race against Hoffa, accused by the Senate committee of misusing union funds and powers.

Hoffa is the leading candidate, however, to succeed retiring president Dave Beck, himself embroiled in corruption charges leveled by the Senate committee and parent AFL-CIO labor organization.

Beck won a standing ovation from the nearly 2,000 convention delegates after an emotion-packed defence against corruption charges pending against him, Hoffa and other teamsters leaders.

Hoffa seemed well in command of the convention situation and was cheered along with Beck.

Beck, in a keynote address, said he and other teamster leaders, including Hoffa, have been

unfairly dealt with by the Senate rackets investigators.

He said they were condemned on unproven charges before court trial.

HIGH COURT ACTION
WASHINGTON (AP) — Opponents of the present teamsters union leadership asked the Supreme Court today to reinstate an injunction against the election of new teamster officers this week.

Lawyers for a New York group of rank-and-file union members filed an application with the court clerk seeking to restore the injunction.

U.K. Laborites Meet Blasts Macmillan

BRIGHTON, England (CP) — The Labor party, clamoring for a general election, charged today that the Conservative government has brought Britain to the brink of economic disaster.

Some 1,500 delegates to the annual conference here, elected by a series of successes at special parliamentary elections, unanimously adopted a resolution criticizing the economic policy of Prime Minister Macmillan's government.

The resolution charged that the

government has directly contributed to inflation ever rising prices, loss of gold and other reserves and to the recent speculation against the pound. It was carried with roars of approval.

KIDS BASKETBALL TO REGISTER TONIGHT

The basketball registration for kids, between the ages of 8-15 years, will be from 7-9 p.m. in the senior high school gym tonight, not 6:30 as previously announced.

Members of the senior age group wishing to play senior basketball are asked to turn out at 9 p.m. Entry of a senior team will depend on turnout.

TONIGHT'S TV

The friendly professional staff at Long Super Drugs wish to urge all those who possibly can to see on CBC-TV the program "The March of Medicine." Aired each Monday night at 8 p.m. This fine television series is educational but never dull, and reports on the latest research in heart disease, cancer, arthritis and rheumatism, mental health, alcoholism and many other subjects. We are pleased to recommend this series to you.

LONG SUPER DRUGS LTD.
